Notice on Trades and/or Transactions involving Specified Person and Restricted Currency

Dear Client,

As part of our client outreach, we wish to notify you of the following restrictions ("**Restrictions**") under the *Direction on Dealings with Specified Person and in Restricted Currency* issued by Bank Negara Malaysia ("**BNM**"), which came into effect on 3 January 2022. For further information on the Restrictions and any updates thereto, please refer to BNM's Foreign Exchange Policy website.

Clients shall ensure that all dealings and transactions undertaken through Kenanga Investment Bank Berhad ("**KIBB**") comply with the applicable Restrictions. Clients shall remain responsible for assessing their own compliance obligations and should seek independent advice where appropriate.

Specified Person is defined as:

(a) the State of Israel ("**Israel**") or its governmental organisation, authority or agency;
(b) a natural person who is a citizen or permanent resident of Israel;
(c) any person incorporated, established, or registered for purposes of incorporation or establishment, in Israel or under its laws including such person's direct subsidiary or branch outside of Israel; or
(d) any unincorporated person which is formed in Israel or under its laws or policy.

Restricted Currency is defined as:

(a) currency note or coin which is legal tender in Israel;
(b) any right to receive currency note or coin mentioned in subparagraph (a) –
    (i) in respect of any credit or balance at a licensed onshore bank or any other similar institution in or outside Malaysia; or
    (ii) from any person in or outside Malaysia;
(c) any document, instrument or device which enables a person to obtain currency note or coin mentioned in subparagraph (a) from another person, including but not limited to traveller's cheque, letter of credit and bank draft; or
(d) any electronic or digital representation of currency note or coin mentioned in subparagraph (a).

The Restrictions stipulate that:

(a) No person in Malaysia shall undertake or engage in any dealing or transaction with a Specified Person. Notwithstanding, a person may enter into or make or receive payment arising from an international trade with or involving a Specified Person if such trades are allowed by relevant authority in Malaysia.
(b) No person in Malaysia shall undertake or engage with any person in any dealing or transaction using or involving a Restricted Currency.
(c) No person shall open an account for a Specified Person or in a Restricted Currency unless with prior approval from BNM.

We wish to emphasize that the trading and holding of securities issued by a Specified Person may constitute forms of "dealing" and may fall within the scope of the Restrictions, unless BNM's prior approval has been obtained.

For further information and any updates relating to the Restrictions, please refer to the following BNM webpage:

https://www.bnm.gov.my/fep/policies/specified-person-currency

General Guidance

To check if an entity is a Specified Person, you may perform an internet search using the counter name and International Securities Identification Number ("**ISIN**"), an example below.

If the internet search results indicate an ISIN that begins with "IL", the entity should be regarded as a Specified Person. Some examples are set out below:

No.	Counter Name	ISIN	Specified Person?
1	Teva Pharmaceutical Industries Ltd.	**IL0006290147 & US8816242098**	Yes
2	Sarine Technologies Ltd.	**IL0010927254**	Yes

However, please note that the above search is not exhaustive and is for indicative purposes only, as it only identifies entities incorporated or established in Israel. The search results should not be relied upon as conclusive evidence of an entity's status. The Restrictions have a broader application based on the definition of a Specified Person. Please exercise reasonable care and diligence when determining whether a counterparty is or relates to a Specified Person.

Below are some examples of securities issued by a Specified Person that you are not allowed to trade and/or hold:

No.	Specified Person
1	Teva Pharmaceutical Industries Ltd. ("**TEVA**") TEVA is incorporated and based in Israel. The company is listed on the Tel Aviv Stock Exchange and traded on the New York Stock Exchange (Stock code: TEVA). Hence, trading in TEVA's securities will fall within the scope of the Restrictions.
2	Sarine Technologies Ltd. ("**SARINE**") SARINE is incorporated and headquartered in Israel. However, it is listed on the Singapore Exchange (Stock code: U77). Hence, trading in SARINE's securities will fall within the scope of the Restrictions.

KIBB reserves the right to take any action it considers necessary to ensure compliance with the Restrictions relating to Dealings with Specified Person and Restricted Currency, as imposed or updated by BNM from time to time. This notice shall be read in conjunction with the applicable KIBB terms and conditions governing your account(s).

Important Note:

The provided list is not exhaustive. To further verify whether a company is classified as an Affected Company, you may conduct an online search using the counter name along with its International Securities Identification Number (ISIN). If the ISIN begins with “IL”, the company is considered an Affected Company. Please note that this method serves as a limited check for incorporation status only.

For example:

ABC Technologies Ltd is one of the Affected Companies and it’s ISIN no. starts with IL.

ABC TECHNOLOGIES LTD share price in real-time (ISIN: IL0010255110).
